GEN. VON STEIN WAR MINISTER

Field Marshal Von Hindenburg Says Situation is Favorable to Teutons.

BERLIN, Oct. 31. (Delayed.)—Lieut. Gen. Von Stein has been appointed war minister by the emperor, says an official announcement from general headquarters. Gen. Von Stein, who at the beginning of the war was quartermaster general, achieved great popularity through the laconic war bulletins bearing his signature, proclaiming the rapid succession of victories to the German arms in the earlier stages of the war. Later he was commander of the fourteenth army corps on the west front.

Gen. Von Stein succeeds Lieut. Gen. Wild von Hohenberg, who is given command of an army corps on the west front.

BERLIN (via wireless to Sayville, N. Y.), Oct. 31.—"The situation is as good as possible and all will be well also in the future." Thus Field Marshal Von Hindenburg, chief of the German general staff, described the present war situation to a representative of the Neu Freie Press, whom he received at headquarters in the presence of Gen. Von Ludendorff, first quartermaster general. As to the duration of the war, Field Marshal Von Hindenburg said:

"That depends upon our enemies. Prophecy does not pay; during a war one had better leave it alone. It is possible that the year 1917 will bring battles which will decide the war. However, I do not know, and nobody knows. I only know that we will fight this war to a final decision."

Do Not Think of Peace.

Gen. Von Ludendorff here added: "We do not think of peace. We are absolutely decided to continue the war, as is shown with sufficient clearness by the measures of the allied (Teutonic) army commands." This interview with the chief of staff was given out today by the Overseas News Agency for publication. It continues:

The correspondent in turn reported to Field Marshal Von Hindenburg on the general feeling in Austria-Hungary, declaring it was one of confidence and satisfaction, but that, as everywhere, the end of the war was wished for. The field marshal replied:

"That we all wish; understand that well. The Austro-Hungarian people have accomplished their full duty during this war and have made all the heavy sacrifices which were necessary. But still new sacrifices must be made, lest those already made have been in vain."

Munitions Not All.

"Munition is not all. Not grenades but the morale of the troops brings the final decision, and the morale of the German and Austro-Hungarian troops is superior to that of all our enemies. Nevertheless, munitions mean very much in this war. At a previous visit the field marshal told you: 'The main thing is discipline.' That is true. Discipline is based on the complete education of every individual man."

As to whether the Russian masses shall be exhausted, Field Marshal Von Hindenburg replied: "The new Russian armies are as good and as bad as former. The main quality of the Russian soldier is blind obedience. He makes no progress of a military kind; only the Russian artillery has become more efficient on account of instruction by French and Japanese officers, who partly command. But our artillery remains superior."

"During a certain period the Russians had more munitions than they formerly had. Their munitions supplies have now become diminished because of the end of importation by way of Archangel and Vladivostok."

The correspondent asked whether the termination of the war was possible in the east, to which Field Marshal Von Hindenburg replied:

"A decision can be looked for as well in the east as in the west. It is nonsense to say that I intend to shorten my front in the west. I never thought of it. Why should I do it? The front in the west stands as firm as a rock, and if our enemies by gigantic use of artillery here and there gain a little territory, they shall never break through. In order to do this they would still have to attack for thirty years, provided they had enough men."

KILLS LIQUOR DEALER
Negro Shoots Man in Argument Over Seat on Stump.

EVANSVILLE, Ind., Oct. 31.—Conrad F. Tost, a prominent liquor dealer, was shot and killed late tonight by Nolan Graham, a Negro.

An argument over a seat on a stump which had been vacated by Tost and occupied by the Negro preceded the slaying. Tost was shot near the heart and died shortly after being taken to the hospital. The Negro escaped after the shooting which took place on the west-end outskirts of the city but was captured two hours later at his home by detectives. He admitted shooting Tost.
